

CALIFORNIA GROWN

LOCAL CALIFORNIA Organic Asparagus

Coastal View Produce

Gonzales | Salinas Valley

For almost 40 years Coastal View Produce has been growing high-quality organic asparagus in the heart of the Salinas Valley. The Mediterranean climate and fertile soil make it the perfect climate for an extended asparagus growing season. Coastal View Produce is committed to growing organic California Asparagus for generations to come.

Coastal View Produce

AVAILABLE
THROUGH
JULY 4TH!

Did you know?

- Asparagus spears can grow 6 to 10 inches in a single day.
- Asparagus crowns can produce for 10 years or longer.
- At the end of each season the plants are left to fern, which allows the plants to transfer carbohydrates and energy to the roots by photosynthesis, and to store nutrients to make next year's crop sweeter and richer tasting.
